RICHMOND, CAL., SUNDAY, AUGUST 1, 1915. NUMBER 160

TALK SCHOOL CITY HALL PLAN

Head of School Board Opposes, Plan to Turn Lincoln School Into City's Headquarters.

The little talked of plan of converting the Lincoln school into a City Hall was heard by the school board at a meeting of that body and the two proponents of the proposition in the school office last night.

Harry Katzman and Daniel Barton appeared before the board and talked in favor of the project. There was but a few other men present. George Wall was not present. Katzman stated that if a train track was laid on Tenth street that the school in such a place would be dangerous to children, and that the noise would disturb their studies. Barton stated that would be unjust for one department of the city government to be selfish and not turn over a public building to another department, as for instance the school board turning over the Lincoln school to the council for a City Hall.

President J. O. Ford of the board stated that of course if it was the will of the people that the school should be made a city hall, that the board could not prevent the change, nor would it try to, but that the Lincoln school building is not suitable for a city hall. It would but put the city to additional work to make the change, and then build a new school house.

No action was taken on the matter.

DOCTOR SCORES IRRESPONSIBLE EVENING PAPER

Dr. Sawyer of the State University and a member of the State Board of Health, was in San Pablo yesterday investigating an evening newspaper "story" concerning a cholera death which was said to have occurred there several days ago.

Of course he found nothing to substantiate the sensational "story" and took the occasion to say:

"I wish there was a way of 'handling' irresponsible papers who blacken the reputation of a perfectly healthful pace by spreading such injurious and baseless stories."

BEACHEY BEST: THEN SMITH IS: NOW NILES IS?

Charles L. Niles, the aviator who flew upside down around the Woolworth building in New York in one of the most sensational flights ever made over Gotham, arrived in San Francisco yesterday from Chicago, and is being considered by the Exposition officials as the successor of Art Smith as Exposition aviator.

Niles uses a Moisant monoplane, and in this, he loops the loop in a manner that is said to excell the most daring tricks of Art Smith.

Loan Rates Only 480 Per Cent.

While hearing the bankruptcy case of a worker earning $14 a week, Federal Judge Landis discovered that the interest rates of Chicago loan agents is now only 480 per cent a year. He found that on loans of $5 for a month $2, or 40 per cent interest, is charged. The court was assured that this rate is much cheaper than formerly. The worker's wages had been assigned until 1919. Judge Landis ruled that the loan shark was entitled to $4 on a claim of $15.

RUSSIANS FIGHTING DESPERATELY AS THEY FALL BACK; TRAPPED

Probably Several Days Before the Struggle is Finally Decided

LONDON, July 31, 10:10 p. m.—The fate of the Russian armies in the Polish salient still hangs in the balance. No official confirmation had been received up to a late hour to night of the evacuation of Warsaw by the Russian troops. That they are withdrawing eastward is certain.

What portion will succeed in getting back to the new line is a matter of speculation. The arrival of Austrian cavalry at Lublin, which is officially announced from Vienba, shows that the southern line of retreat is actually barred to the retiring army, as Field Marshal von Mackeisen had previously crossed his railway.

The retirement, although described by Petrograd as voluntary, is accompanied by very hard fighting, reminiscent of General Kuropatkin's retreat from Liao-Yang, when he inflicted on the pursuing Japanese losses greater than his own. While the main army, with the field artillery, is making its way to the rear, infantry and cavalry are protecting the flanks and making repeated attacks.

In this way a few hours are gained, which are f inestimable value to the retreating forces.

It probably will be several days before the struggle is finally decided. Nobody questions the fact that with the capture of Warsaw the Germans will score a victory which will not only put the Russians on the defensive for many months, perhaps well into next year, but which will greatly hearten the civilian population of the central powers and release an army of one million or more men for an offensive in the west.

BERLIN, July 31 (via wireless to Sayville).—The capture of Lublin, a large fortified railway center of Poland, 95 miles southeast of Warsaw, was announced today. The capture was characterized as a "master stroke."

Possession of the city which lies upon the railway running from Warsaw to Kiev and upon the line running northeast to Siedlce cuts off the Russian lines of coommunication in all southern Poland

The Slavs are trapped.

STATE HIGHWAY GRADE REACHED

All of the grading of the state highway between Pinole and the first bridge to the north of San Pablo has been completed, and it is thought that the laying of the concrete base will be started this week. Bates, Borland & Ayers, who have the contract, have been working on the big job for two months past.

But little of the grading, which consists of tearing up the old county road and leveling the surface to receive the cement, has been done south of the first bridge to the north of Pinole.

Fire Box No. 72, Stege, to Be Installed

The latest addition to Richmond's fire alarm boxes will be No. 72 and will be located at Bay View and the Southern Pacific tracks in Stege. Fire Chief Roy Lemoin is hard at work installing the box and hopes with a timely arrival of the "character wheel" from the head office of the Gamewell Fire Alarm System company to have the box working within a fortnight.

To cross the Southern Pacific track it is necessary to obtain a permit from them to cross their tracks with a conduit, which permit has been obtained.

Mrs. J. Schach of Whiting, Ind., is visiting at the home of Mr. and Mrs. Frank Schach of 556 Sixth street. She will stay here about four weeks enjoying the Exposition and then she will return to her home.

T. E. Shore of Hollister, who has been a visitor at the home of Mr. and Mrs. Brown, 616 Ninth street, has returned to his home.

Charlie Burns and wife returned Thursday from Russian river, where they have spent a two weeks' vacation.

FIND NO TRACE OF BELLAFONTE

No trace has yet been found of T. Bellafonte, treasurer of Manchester Unity of Odd Fellows, who is charged with embezzling $287.25 of lodge funds.

A wild rumor that the body of the man found hanging from a tree in Golden Gate Park Friday was that of Bellafonte was proved to be groundless.

Mrs. Bellafonte is staying with relatives in Emeryville. She declares her husband is innocent.

According to friends of Bellafonte, he had a considerable amount of money from the sale of a ranch near Pleasanton.

With his disappearance the list of local lodge officials who have become entangled in trouble over funds totals four.

O.-T. CAR HITS ANOTHER TRUCK

Another collision between an auto truck and a San Pablo avenue street car, at Twenty-first and San Pablo avenue, Oakland, yesterday evening shortly after 5 o'clock delayed the Richmond bound commuters about 20 minutes.

Though the truck was badly damaged, nobody was injured and the car was able to come on into Richmond.

Piece Work Causes Strike.

At Warsaw, Ind., employes of the Hugo Manufacturing Company are on strike because a new piece work scale has reduced wages from 50 to 75 cents a day. The former rates only ranged from 22 to 25 cents an hour.

Miss Mildred Schach, daughter of Mrs. J. Schach of this city, has been visiting at the home of friends in Martinez for the last week. She will returi today to prepare for school, which opens tomorrow.

Singers Sip from Tankard Centuries Old

At the last meeting of the Richmond Maennerchor, held Friday night in Manhattan Hall, J. Meindersee displayed a tankard that was made in 1549 and which was presented to him by friends in 1900.

The tankard, which is made of a composition of lead and zinc and which comes from Bavaria, is hand carved, has a capacity of about two quarts and bears the court of arms of Bavaria. The Maennerchor member dealt with at this common meetsel up and passed it around, exactly as its original owners had done more than two centuries before the United States was born.

It is now on display at Heidorn's cigar store, 961 Macdonald.

At the meeting speeches were made by J. Hirt, E. Pieper, C. Ostfeld, J. Meindersee, H. Luer and E. Heidorn. The hall was beautifully decorated for the occasion.

Capt. Cherfully Gives Away His Cargo of Hams

BAY POINT, July 31.—Captain Patrick Derby of the goood steamer Magnolia has learned how to make lemonade. An intimate friend showed him how, and they had several between them. Then the captain started to pilot the Magnolia to San Francisco.

The lemonades began to work. The valiant mariner decided to beach his ship near Benicia and give away the cargo for a nominal sum. The plan worked beautifully. All of Benicia turned out to the floating bargain counter.

The owners in San Francisco heard of Derby's philanthropy—at their expense—and a warrant followed. To day Captain Derby is in the county jail, where he will be a guest for 100 days. He has also contributed a fine of $100 toward his own expenses. But he knows how to make lemonade.

Funeral of Local Woman on Monday

Mrs. Antonette Perricone, 38, died at her home in Winehaven Friday evening. She is survived by her husband, Frank Perricone, prominent member of the Point Richmond Aerie of Eagles, and five children. She had many friends in Richmond.

The body was removed to the Curry Undertaking parlors. The funeral will be held from there at 9 o'clock tomorrow morning. The body will be buried in the Italian cemetery in San Francisco.

Judge Would Break Strike.

A. F. of L. Organizer Fitzpatrick and officials of the State Federation of Labor continue their efforts on behalf of the locked out lacemakers at the Marshall Field & Co plant, Zion City, Ill. At a recent mass meeting, Secretary-Treasurer Olander of the state body discussed an injunction issued against the strikers, and showed it was a clear violation of constitutional guarantees.

The locked-out workers are ordered to "absolutely desist and refrain from in any manner interfering with, hindering, obstructing or stopping the business" of the company. Picketing is included in the things prohibited as is every other act the court could imagine would aid the strikers, who are even debarred from calling at the homes of those employed "for the purpose of inducing them to leave their employment." The strikers were brought from England. They taught the lacemakers of Zion City to do the work. Now they are locked out because they protested against the increasing number of young people brought in to learn the work and do it for a lower wage while older men were laid off.

Family Flees From Burning Home as the Roof Tumbles In

Robert Colcough and Two Children at Dinner and Neighbors' Cry Tells Them of Blaze

While seated at the dinner table last evening, Robert Colclough and his two children were startled by the shouts of neighbors crying "Fire," and rushed out of their home at Market and Hyde streets, San Pablo, to see the blaze. But a few seconds later the roof of the house from which they had just escaped fell into the dining room, a mass of blazing timbers.

A silent alarm was turned in to No. 2, which responded promptly. Fire Chief Lemoin arrived simultaneously and directed the fight. Nothing was saved bit the property deeds and a few pieces of furniture.

The home had just been completed by Colclough, who is a potter, and was valued at $1500. It was covered by an insurance of $700 and the contents, valued at $500, were insured for $300.

Mrs. Colclough was out to neighbors at the time. She declared there was no fire in the stove, though Fire Chief Lemoin stated that the fire was evidently started by a defective chimney. The house was located 30 feet outside of the city limit, and was but 300 feet from the San Pablo Catholic church.

FUNERAL OF L. HOLSCLAW TOMORROW

Tomorrow afternoon at 2 o'clock the funeral of Leslie Holsclaw will be held from the chapel of the Smallwood undertaking parlors under the auspices of the Eclipse Lodge of Odd Fellows. All members of the order are invited to participate and to gather at W. O. W. Hall, Macdonald and Seventh street, at 1 o'clock. Members of the Teamsters' Union, of which Holsclaw was the president, will attend in a body. None of them will work Monday afternoon.

DE LAWD HE'P BRER RXBBIT AN' DE LI'L DOVES NOW FO' SHO

As the first pink streaks of coming dawn blushed the eastern sky, scores of autos this morning could be discerned streaking through the suburbs of the city bearing nimrods to the domain of the elusive cottontail and of the flighty dove.

The season for both of these opened this morning and many were the hunters whose fingers have itched for weeks past, who arose this morning to try his luck. Dove season will be open but seven days.

Among those who
"Bye baby buntin'
Papa's gone a huntin',
Gone to get a rabbit skin
To wrap his little baby in,"
Are Chief of Police Walker, ex-Councilman Joe Willis, Gus B. Green and Patrol Driver Oliver Wylie, who will spend the day in the San Pablo creek game preserves.

TUCKER FUNERAL TO BE HELD BY PYTHIAN LODGE

The funeral of the late Samuel R. Tucker will be held either Wednesday or Thursday of this week, depending upon the arrival of Tucker's sister from Chicago. It will be held from the Grant Miller Undertaking parlors at Twelty-fourth avenue and Fourteenth street, Oakland.

The services are being arranged by the local lodge of the Knights of Pythias, who will attend the sad service in a body.

WOOD HOST TO MANY FRIENDS

A very pleasant evening was spent Friday at the home of G. B. Wood, 407 Ohio street. Music and games were enjoyed. Delicious refreshments were served. All those present voted Mr. Woods a pre-eminent entertainer. Those present:

Mesdames M. A. Hays, P. W. Hays, A. L. Rector, J. Piazotti, Laverne Pissotti, G. Schmalz, Misses California Piazotti, Emily King, Clara Pisdotti, Imogene Hays, Reese Hays, Al Jackson, Messrs. Jack King, M. A. Hays and C. B. Wood.

TAG! YOU'RE IT!, TOMORROW

Tomorrow you are very likely to be "it" if you venture on the streets.

For tomorrow is tag day and a committee of energetic local women will be out busy pinning tags on every one they see and exacting tribute. The proceeds are to go to cover the expenses of Richmond Day—August 7—at the Exposition.

A committee headed by Mrs. C. S. Gibson is making arrangements for a whist party to be held Thursday evening in the Richmond Club house to raise mony for the same cause. Score cards will cost 50 cents.

Mrs. C. S. Gibson, head of the whist committee, is in charge of the work on the east side and Mrs. J. G. Gerlach of the west side.

Those desiring tickets should communicate with one of them. Mrs. Gibson's telephone number is 207, her address 429 Eleventh street; Mrs. Gerlach's phone is 757 and address, 13 Oregon avenue.

A special request is made by the committee that the women of Richmond—in the words of Mrs. Gibson—"show as much city patriotism as the men" by furnishing refreshments for the whist party. Women that desire to help in this way should let Mrs. Gibson or Mrs. Gerlach know, who will see that the donations are called for.

Mrs. Gibson said yesterday that the women of he committee are working energetically and with enthusiasm and that all indications were that the affair would be decidedly successful both in a social sense and financially.

MANY ATTEND WHIST PARTY

Pythian Castle was crowded with whist lovers last night when the Pythian Sisters held another one of their popular parties. After the tournament of cards, dancing was enjoyed until a late hour. Following are the prize winners: Ladies' first, Mrs. J. W. Garrison; second, Mrs. Elbert Laig; Mrs. E. Jennings, consolation. Geitlemen's first, H. E. Connolly; second, J. F. Wood; consolation, Martin Geso.

Mrs. James Towers and Mrs. Frank Schach made arrangements for the party.

Unionists and Farmers Unite.

The Georgia Federation of Labor, the Farmers' Union and the Brotherhood of Railway Firemen will act jointly in urging the State Legislature to pass the following legislation: Factory inspector, semi-monthly pay day, public printer, the recall, school books at cost and the Torrens land system.

LARGE CROWD AT 'AUTO BALL'

The argest crowd that ever attended a dance in Richmond attended the opening of the Lowsley Garage on Fourth street. The garage, which is one of the largest in Richmond, was packed with lovers of dancing. It was estimated that over 700 people were present at different times of the night. The dancers wtre serenaded by the Claremont band from Oakland ad nseveral dances were played by them. The building was decorated in gay colors.

U.S. PREPARES FOR TROUBLE

WASHINGTON, July 31.—The United States apparently is preparing for a prolonged stay of American naval forces in Port au Prince, Haiti, where two bluejackets and six Haitiens have been killed in fighting which followed the landing of Rear-Admiral Caperton's forces to protect foregn lives and property.

The battleship Connecticut sailed from Philadelphia today with 500 marines to reinforce the 400 marines and bluejackets now guarding the city. The transport Hancock and the hospital-ship Solace will follow to the Haitien port, and other aid will be sent as necessary.

INSANE, LEAPS FOUR STORIES

SAN FRANCISCO, July 31.—Suddenly going violently insane, following an operation, Louis Foglia, a patient at the Fairmont hospital, this evening attacked Adolph Schwartz, another patient, with a water pitcher, knocked down Miss Greggory, a nurse, and then plunged through a fourth-story window to the pavement. He is not expected to live.

James W. Vanderswiep, manager of a local realty company, has awarded James T. Narbett a contract to design a seven-room two-story "Colonial" residence, to be located near Roosevelt avenue and Twelfth st.

Mr. and Mrs. J. Green of Visalia are visiting at the home of W. A. Jones, 905 Macdonald ave.

Ed Golden, popular Standard Oil employe, leaves today to spend a two weeks' vacation in Santa Cruz.

THE WAR IS ONE YEAR OLD TODAY; END NOT YET IN SIGHT

Today the war is one year old.

August 1, 1914, Germany declared war on Russia, making of the Austro-Serbian war, declared three days previously, a world struggle.

Over half of the population of the world lives in the countries at war.

About 847,000,000 people live in the belligerent countries and 947,000,000 in the countries at peace.

Loss of life and property in the year is almost beyond computation. The net result is: No decisive results have been achieved and the end is not in sight.

It is estimated that 21,770,000 soldiers are at war—allies 12,820,000, Germany, Austria and Turkey 8,950,000.

A German paper estimates that more than 5,000,000 men have been killed, wounded or captured. It is roughly estimated that Germany has from 3,000,000 to 4,000,000 men permanently out of the field.

Great Britain is spending about $15,000,000 per day; France, $14,400,000; Germany, $8,250,000. The total loss for the year is variously estimated from $15,000,000 to $20,000,000 and more, far more than the total gold production of the world for the last 500 years.

At first it was thought that the war would last less than a year. Now the nations are preparing for the second winter campaign.

The factories of Europe and America have turned from the useful to the manufacture of munitions. Most of Europe is a highly organized machine for the destruction of life and property. The United States is still at peace, though great efforts have been made to drag her into the war.

"Civilization" is smashing itself to pieces in Europe. And the end is not in sight.

WHAT A LABOR UNION IS.

There is no law limiting the scope of trade unions; neither is there any artificial barrier to check their usefulness, growth and development. The functions and beneficence are as broad as the universe, and as protective as human ingenuity can devise. With growing intelligence and the elimination of narrow selfishness, the trade unions can fulfill a mission, overshadowing the best and noblest traits of human endeavor and character in the world's progress, says the Cigarmakers' Journal.

The scope of a trade union, as constituted at present, embraces many valuable features:

It Is a Fraternal Association.—It sympathizes with the sick and afflicted and the unemployed by the payment of stipulated benefits in cases of special distress the help extended is of a substantial nature; it equalizes wages for equal work performed; it endeavors to secure a living to all; it establishes a minimum wage for common work; it restricts cut-throat and unfair competition.

It Is an Insurance Society.—The co-operative insurance in cases of death and total disability is superior and less costly than the rates charged by the ordinary insurance company, with a class of high salaried officials and agents absorbing excessive premiums. It is mutual, safe and economical.

It Is a Savings Bank.—The trade union enables the worker to deposit weekly small sums of money in the shape of dues and assessments, which are returend to him when most needed; when sick, out of work, traveling, etc. The deposits draw interest for the benefit of all members.

It Is a Legislative Body.—It plans, adopts and amends a constitution and local by-laws without any interference and advice from outside parties. Mistakes can be rectified speedily whenever necessary. There is no conflict of interests of any appreciable extent; local differences can be adjusted in the interest of the general welfare, viewed from a broad standpoint

It Is a Direct Legislation League.—The initiative and referendum, which are the cardinal features in the structure of the constitution, enable a small number of unions to propose amendments and substitutes. They are submitted to a referendum vote, with or with out any discussion, as the case may be, and approved or rejected. This form of legislation is simply, direct and effective.

It Is a School of Economics.—The Manchester School of Political Economy, from Adam Smith to the present day, has evolved a school of doctrine and critics of all shades and colors; it has evolved a system of speculative philosophy not based on concrete cases and facts. Numerous books have been written on the functions of capital, the value of labor, the rate of wages and profits, the laws of supply and demand, of exchange, finance, etc. The trade union has, in the attempt to improve the condition of the worker, exposed their economic fallacies. It is developing a new school, which is based on facts and sientific investigation.

It Is a Debating Club.—The business of the union, be it of a routine character or of a more complicated nature, involving questions of vital import, requires discussion and deliberation. Points of order are raised which require careful decision; the motions under debate are amended and substituted. Parliamentary skill is brought into play; the natural abilities of the members as debaters and parliamentarians are developed by constant practice. The progress made in this direction, in the course of years, is of vital influence in the affairs of a nation.

It Is a Trial Court.—The rules of the union require, for the management of its affairs, the enforcement of discipline and obedience to the laws enacted by the majority. Punishment as a deterrent, in the shape of fines, suspension and expulsion from membership, form a part of the laws. The right of trial and defense is accorded to every member, with the privilege of appeal from one court to another reaching a final decision in the highest court.

It Is an Industrial Democracy.—The object of the trade union is primarily industrial. It aims to elevate the economic conditions which affect the welfare of the workers upon a higher standard of usefulness and efficiency. The ideal is equity, based on a full measure of justice, compatible with the general welfare. From these objects it cannot depart without destroying the foundation upon which its structure is reared.

PERSONAL MENTION

Dewey Pizzotte, sophomore in the local high school, has returned home after a visit of three weeks in Marin county.

Mrs. M. C. Duncan of Fifth street and Ohio, is entertaining her mother-in-law, Mrs. Duncan of Taft, Cal.

Mrs. Arthur Parker of Bakersfield is making an extended visit with her parents, Mr. and Mrs. A. Wicks, 534 Ohio street. Mrs. Parker is enjoying the cool weather of Richmond, which is in decided contrast to the intense heat of Bakersfield.

Mr. and Mrs. George Kerrigan have moved from the Raymond apartments to their new home on Fourth street.

Mrs. J. Pizzotti of Oakland is visiting at the home of her mother-in-law, 137 South Second street.

Mrs. Emily King leaves today for her home in Martinez, after an enjoyable visit at the Soby home, 466 Fourth street.

Mrs. J. C. Kovec and daughter, Dolly, 404 Barrett avenue, and son John, have returned from Minnesota, where they were visiting relatives and friends.

"Bob" Everhart has returned from a visit of two weeks at Russian River Heights.

Mrs. Thayer, 349 Twenty-third street, leaves today for a two weeks' stay in Brookdale.

C. R. BLAKE, M. D.,
Health Commissioner.

ANNUAL HEALTH REPORT GIVEN

The past year has been the most severe period regarding contagious diseases that this city has ever experienced, stated Dr. C. R. Blake yesterday, as the general epidemic of diphtheria and measles that has existed all over the state also put in its appearance in Richmond, with the result that we had 41 cases of diphtheria with two deaths, and 231 cases of measles. While the diphtheria is so prevalent all over the state at the present time that the State Board of Health is about to take acive steps to stamp out the epidemic, this department is pleased to announce that we are absolutely free of all contagious diseases at the present time, and have been so for the past month.

Regarding the birth rate, it is slightly lower than that of last year, being five less, but if the parents of new-born children would insist on their physicians having the birth recorded, we would have a much larger birth rate than we have. If parents would realize the importance that this registration may mean to their children in future years, they would insist on it in every case.

Our number of deaths, although the populaton has increased considerable, has remained about 70 each year for the past four years.

HI SCHOOL NOTES

School opened yesterday morning, and what a bunch of "scrubs" were there gawking around. To be sure, I have just escaped from that category, but I surely couldn't have looked like that when I was one.

Of course, there were a few of them that took Jeff for the principal, and timidly approached him with most solemn air, all tied up with yellow and green ribbons. And Jeff, being a sport, was there with the goods, and for the remainder of the day the new scholars came in for their share of the conversations about the high school carnival, and from the trend of the talk they will surely be well received.

FOOTBALL GOSSIP.

Football gossip occupied no little talk of the athletically inclined of the school. Rugby or American, which? If the preference of the majority of the players will make the change to American, then American will be played this season, but if the will of the C. A. C. A. A. league is followed in the matter, probably the old game—meaning Rugby—will be adhered to.

INAUGURATION BALL.

Again the holding of an inauguration ball is being talked of by the progressive and brilliant social leaders of the school. As the inauguration of the student body officers is one of the most momentous and auspicious events of the student government, dependent upon which are all of the athletic and social activities of the year, it should be made the motif of a large social function, its proponents say.

At the very least they are planning to incorporate it with the freshmen reception and have the inauguration celebrated in that way, if not separately.

SCHOOLTIME SIGNS.

You could tell it was the first day of school. There was an extra slickness to the little freshmen girls' hair, and every little girl greeted every other little girl with a squeal of delight.

The freshmen boys were rather gloomy, but their footsteps were somewhat accelerated by curiosity to know all about the high school. And it was plain that on this morning their neckties had been tied by no other hands than mothers.

Top-notch Vaudeville at the Richmond Theatre

SCENE FROM THE GREAT PLAY, "THE HEART OF A PAINTED WOMAN," AT THE RICHMOND TOMORROW.

Three big circuit acts, supported by a number of other vaudeville features, give the Richmond theater program today the best assortment of talent ever brought to the local playhouse. Dancing and singing reaches its most extravagant limit in Alma Grace, graceful in body as well as in name, who appears as "The Girl of the Golden West," an act direct from the Pantages circuit.

"The Mysterious Visitor," a sketch by Walter Reynolds & Co., is a feature direct from the Sullivan & Considine shows, and was most recently at the Empress theater, San Francisco. An athletic act supreme is seen in that put on by Soule Bros.

For artistic versatility no one has it on Le Barge, another Pantages act and one worth seeing. Besides these vaudeville features, there will be seen a thrilling picture entitled "In the Days of Famine," a tale of the Canadian Northwest. This is by the Vitagraph Company and is a Broadway star feature.

Representatives of the big San Francisco vaudeville houses will be present at the performances today to see the kind of talent which is being put on here by Manager Hunter. The talent which is being secured here is such as to secure fine notice in all circles.

ROY A. WELLS IS IMPROVING

Roy A. Wells, who was injured Friday in Hayward, when his truck was struck by a street car, was reported as recovering yesterday. He is confined to his bed.

Mrs. Charles Champion of Kansas City, Mo., who has been visiting at the home of Mrs. M. L. Geno of 429 Fifth street, left for Los Angeles, where she will visit with friends prior to her departure for her home in the Missouri metropolis.

Norman Janke, son of Mr. and Mrs. W. A. Janke and graduate of the local high school, left last night for San Bernardino. He is to work in the commissary department of a mine.

LATEST IS AUTO SERVICE FOR 5 CENTS PER MILE

The Transbay Automobile Renting Association was formed by two men whose experience in the automobile business has covered a wide range, coupled with an intimate knowledge of all makes of cars since the inception of the automobile industry. After two years of study of this branch of automobiles, that of rentals, the Transbay Automobile Renting Association was evolved. Consequently, the association has made it possible for anyone in good standing to enjoy to the fullest extent motoring in all its branches at a cost within the reach of almost everyone. The policy of this association is to rent new cars fully equipped with electric lights and self-starters, either five-passenger or Roadster, to its members at the exceptionally low price of 5 cents per mile, without any other cost on the renter's part other than a nominal deposit to be placed with the association to assure the safety of the car while in the possession of the renter.

The cars are all insured against theft and fire, and every precaution will be taken by the association to make tours planned by their members as pleasurable as possible.

FULLY EQUIPPED GYMNASIUM IN RINK

Kerby Floyd has transformed the Skating Rink into a fully equipped gymnasium. Floyd announced yesterday that the showers were installed.

The Richmond Athletic Club has been organized by Floyd. Members of it will be permitted to use the gymnasium as they please. Initiation fee is $2 and dues $1 per month. Boxing gloves, wrestling mat, wrist and weight machines and bars are all supplied for the use of the members.

Instructors in boxing and wrestling will be employed.

CONTRACTING FIRM LOSES IN SUIT

SAN JOSE, July 31.—City street improvement work all over the state will be impeded if a decision placed on the records today by Judge W. A. Beasly stands the test of future court scrutiny.

Under the decision $30,000 worth of paving bills are made uncollectable, the largest loser being the City Improvement Company, which paved North First street. United States Senator Phelan, a heavy property owner on that street, was the principal plaintiff.

The Ransome-Crummey company is also a loser.

The court issued an injunction preventing the sale of the property by the city treasurer to satisfy a paving lien of $9000. Phelan's contention was that the street having been accepted in 1875 as public property, his lands could not now be taxed for further improvement.

SPECIAL SERVICES AT FIRST METHODIST CHURCH.

Two prominent ministers will occupy the pulpit of the First M. E. church. At the morning service the Rev. Dr. Matchett of Oakland will preach and his daughter, Mrs. R. E. Fraser of Kennett, will sing. The service begins at 11 o'clock.

The Dr. Tho. D. Wood of Lima, Peru, will speak at 7:45. Dr. Wood is an exceptionally fine speaker. His daughter, Miss Elsie Wood, a talented vocalist, will sing in Spanish and English. The public is cordially invited to these services. The Sunday school convenes at 10 o'clock. Dudley Kirkpatrick, superintendent. Dr. Calfee, the children's friend, will assist.

Come and enjoy the day with us.

Richmond Holding Record of Growth

Progresses Faster in Proportion to Size Than Any Other Coast City. Facts and Figures Prove This.

RICHMOND (Cal.), February 19, 1915.—Richmond's growth during the last year has again beaten all records. It is far greater in proportion than any other of the coast cities.

The following remarkable statistics will convince the most skeptical that Richmond is developing as a Manufacturing, Industrial and Commercial City faster than any other place.

	1905	1914
Population	1,250	20,538
Factories	14	35
Industrial Investments	$25,000,000.00	$65,000,000.00
Pay roll (monthly)	$180,000.00	$500,000.00
Freight handled (per month) S. P. & S. Fe R. R. (in tons)	1,008,944	4,490,241
Assessed valuation	$3,417,270.00	$15,870,760.00

Never Again Such an Opportunity As Now

During the so-called "Dull Period" of the past two years, while Stocks, Bonds and nearly all classes of securities have depreciated in value, the lots we have sold in our

Nicholl-Macdonald Ave Business Center Tract Richmond

have constantly increased in value.

The property we have sold in Richmond during the past five years has increased more in value than lots in all other tracts combined.

Nowhere else in California can you buy lots at the price and terms we are selling them for in our Business Center Tract on which you can make as much money

you Can Always Buy a Resident Lot

or a so-called water front lot, but never again will you have the opportunity of buying on small monthly payments lots that are actual Business Property Now.

BIG PROFITS

Nowhere in Richmond (or at any other place) is property increasing in value as much or as rapidly as the lots sold by

BURG BROS., INC.

We have proofs hundreds of them. Here are a few:

Purchase Price	Resold for	Profit	On Investment of
$4000	$6500		
700	2000	$2500	$395
2300	3.000	1200	265
Same lot sold again for	$5000	700	375
Original price of above lot	2600		1425
2300	$5000		
		2700	725

Acre of Ground at Macdonald Ave. sold for $2.000—Resold for $75.000.

Fifteen years ago the 200-acre Nicholl Tract was offered for sale at $70 per acre, a total of $14,000. One corner lot 50x100 of this same land sold for $15,000, or $1000 more than was asked for the entire 200 acres. This same lot is now worth $22,500.

Petair Bezook Tells Us All About it

Started Nothing With Us, Contrary to Our Expectations; Would Wrestle Morgan.

Peter Buzukos was in town yesterday looking for us. Not being expert in the wrestling art—as we specialize in Mexican athletics, not Greek—we were not anxious to meet Buzuk, and ditched the first two appointments, thinking that he bore ill feelings about a squib of a few days ago. He camped in the office, however, and we decided the sooner it was over with the quicker, and bolted in.

First he squeezed our hand off and then talked our leg off, and told us what he thought about and knew about wrestling. He told us how Jim Morgan "won" a match from him and stated that though he—Buzukos—was not the champion that he would wrestle any "champion" in the world at 145 pounds, which weight he claims he wrestles at.

And what is of more interest to local fans, that follow wrestling, Buzukos made the following statement:

"I will meet Jim Morgan of Oakland any time, any place, free or charged admission, for a side bet of from $1 to $250."

Buzukos is going to wrestle Pleasant Smith, a well known light-heavyweight wrestler, in Reno in two weeks.

MARTINEZ-A'BOARD

IMPORTED LEAGUERS PROMISED TO FURNISH GOOD GAME

Will you be at the S. P. this morning at 10:30 with the 299 other fans and fannettes, and the twenty noisy band boys, to follow the Elks to Martinez, where for the second and last time this season they will frolic with the colts? Martinez will have a ball team to represent them on the diamond today, and it is extremely probable that a long to be remembered game will be played this afternoon.

Martinez will have a baseball team, for they have disposed of most of the crutches they had in the field last Sunday, and some real scintillating talent has been signed by Friend McNamara of the County Seaters.

"OOTSIE" SCHINKEL.

"Oots" Schinkel, the Cordelia bear cat, will pitch for Richmond, and says he is glad to try himself out against Jack Killilay, the ex-Seal twirler. When he is right Jack is hard to hit, and for the sake of a good game, we hope Jack has a full hand.

The remainder of Richmond's pill-pasting, pill pinching, and pill pitching peaches properly positioned propose to perform perfectly. Pshaw!

Remember—Secial leaves Richmond at 10:30; leaves Martinez 5:30; arrives Richmond 6:30. Round trip, 90 cents.

Here's the array:

MARTINEZ.		RICHMOND.
Killilay	pitcher	Schinkle
Martin	pitcher	Burns
Jackson	catcher	Cleek
Danzig	first base	Ingraham
Murry	3rd base	Benn

SCHINKEL WILL TRY OUT WITH ANGELS?

Have a look, boys, have a look, and pipe who's going to get a trial with the Los Angeles club of the Pacific Coast League. Our old friend Schinkle, the big Cordelia hay baller, who has been dishing up the speed pills for Bill Luce and his club of Richmond Elks ever since te City League season closed here, is the lad. No time is set for the trial, but it is a well known fact that one of Pop Dillon's scouts has been looking Schinkle over, and has at last arrived at the conclusion to put wings on the new Angel.

If ever a busher stood in line to make a name for himself in the coast organization, Schinkle is it. He can well be named the Walter Johnson of the bushes, for he has everything in his makeup that will eventually bring him into the limelight with the best.—Vallejo Chronicle.

Luce doesn't know anything about it, Schinkle doesn't know anything about it, we don't know anything about it, but somebody may. So we print it for what it's worth.

Frank Gordon and wife and babe leave this morning for Tahoe, where they will spend a two weeks' vacation. Frank took along a "dollar and a quarter" to keep the soup bone in order. He will make the trip in his auto.
